Why H. S. Stout Succeeds.

Here are a few reasons why H. S. Stout has succeeded in building up the largest tailoring business in Paris:

FIRST—He recognized the fact that five years ago that the only day of big profits and small sales was past.

SECOND—He cuts the price of tailor-made garments at least 40 PER CENT.

THIRD—He kept up the quality of his materials, his styles and his workmanship.

FOURTH—He always does as he advertised.

AS A RESULT.

As a result of this system he has built up a large trade that appreciates the fact that they save twenty dollars on a single suit or overcoat. "Many customers at a small profit rather than a few customers at a big profit," says H. S. Stout.

If you want credit, your high-price tailor gladly extends it, for he makes you pay dearly for it in the end.

Why not turn over a new leaf—wear the best, save money, by giving H. S. Stout a trial?

He makes the Finest Imported Suits for

\$30.00 AND \$35.00.

Kentucky's Namesake.

BELOW is printed a letter received by THE NEWS which relates to a plan that has been adopted to raise the necessary funds to procure a handsome silver service for the battleship "Kentucky." All patriotic Kentuckians should give this matter proper attention. Kentuckians can be counted on to do the royal thing by their State's namesake. Read the letter:

LOUISVILLE, KY., July 27.

Dear Sir—The great battleship "Kentucky," named in honor of the state, was, in the presence of the governor and many representative citizens from all parts of the state of Kentucky, launched March 25, 1898, and will be put in commission some time between January 1st and March 1st, 1899.

The presence of Kentuckians at the launching was merely a preliminary recognition of the honor done the state by the government, and it was universally conceded that something more substantial must be done by the people of Kentucky, and that when the great ship shall have been completed, a handsome silver service emblazoned with the arms of the state, should be presented.

Such has been the custom of all the states which have been so honored by the government. Kentucky, I know will not be behind, but will rather excel them in the splendor of her gift and the universality of the offering.

The gift will not cost less than ten thousand dollars. It is proposed to secure this amount by popular subscription. Every town in the state of Kentucky should be represented, and with the view of making the subscription as general as possible, I have addressed this letter to representative citizens in every part of the state. No one need fear that his subscription will be too large, nor none so small that it will be overlooked. We want both dollars and dimes, for it is to be the people's gift.

With the gift to the ship will go a list of the contributors, and place of residence, (but not the amount), so in making your contribution please write your name and address distinctly.

It is also proposed to publish a souvenir book, which will contain a cut of the battleship "Kentucky," with description; cut and description of the silver service; an account of the launching and the presentation; also names of subscribers. The book will also contain the latest revised list of the American navy and other interesting data. The publication of this book depends largely on the amount of the subscription; it will be sent free to those who contribute \$20 or more.

As chairman of the Finance Committee I ask your personal co-operation in this work; that you will at once take this matter up with your neighbors to the end that the call will be liberally and promptly met.

The splendid achievements of the American navy in the present war thrill every American heart with pride whenever it is mentioned, and I am persuaded that on this occasion there will be no backwardness on the part of our people, but a patriotic rivalry as to who will give first and most.

Yours Respectfully,

HARRY WEISSINGER,
Chairman Finance Committee.

N. B.—Address all letters containing subscriptions to James F. Buckner, secretary board of trade, who will acknowledge receipt of same.

Uncle Johnnie Runyon, a Kentucky mountain pioneer settler, well known all over Kentucky, is dead near his old home, near Pike county, in the one hundred and fourth year of his age, having twenty-three living children and thousands of descendants. The remarkable old man died in the same hut he began housekeeping in upwards of eighty years ago, where he has lived quite a peculiar life. His wife aged one hundred and two, survives him. He had been married seven times.—Richmond Climax.

THERE are eggs and eggs. The egg of yesterday looks, feels, measures and weighs like the egg of last month, but there's a difference in another respect, and that difference is worth money. Its just so with laundry. The difference between good work and poor is slight to the unpracticed discernment, but it's a difference that counts every time. It's a difference that changes your laundry bill from an expense to an investment. We do good work—it will cost no more than poor work but its worth double the difference.
